

To all first year Journalism Print students:

Welcome to the Journalism Print program. You are about to undertake an exciting, new venture as you begin to learn the skills required to enter the field of journalism.

We realize that you likely have questions regarding the program and your time at Sheridan. In August you will receive information about our Orientation Day in September, and we encourage you to participate if possible. Many of your questions will be answered then.

Laptop requirements are often an area of concern. You will need a Mac laptop for the Journalism Print program. The software we use and our newspaper production system will not accommodate anything else. If you have questions regarding models etc., please contact Rick Ruse at rick.ruse@sheridanc.on.ca.

You will need to have your laptop for your first class.

Digital cameras are also required in the program, but as you do not study photojournalism until the second semester, you do not need to arrive with a camera. Details about what is required will be provided in September.

I will return from vacation on Tuesday, August 24 and will then be happy to answer any questions you may have. You can reach me at marylynn.oshea@sheridanc.on.ca or at 905 845-9430 ext. 2194.

I am looking forward to meeting you in September.

Sincerely,
Mary Lynn O'Shea
Coordinator
Journalism Print
