Ontario College Diploma

Program Code: PLUMN

Full-time | Davis Campus | 2 yrs (4 semesters)

FACULTY OF APPLIED SCIENCE & TECHNOLOGY

Plumbing Technician

Set yourself up for a plumbing apprenticeship and other related opportunities with the only two-year plumbing diploma program offered in Ontario.

Tap into a bright future in the plumbing industry.

Get an edge on the competition for apprenticeships

With so many people seeking plumbing apprenticeships in Ontario, two years of education can push you to the front of the line. In the second year of Sheridan's Plumbing Technician program, you'll learn advanced concepts that can save you hundreds of classroom hours during an apprenticeship. You'll also put your new skills and knowledge to work in a field placement.

Study under great professors from other departments

In addition to your plumbing courses, you'll also learn from experts in subjects such as welding or rigging and lifting. Sheridan's welding professors are among the best in Ontario, and our millwright students often win medals at provincial and national competitions.

Explore your future lab

In the Plumbing Technician program, you'll work and study in classrooms designed to mimic workplaces in the real world. Want to see what it looks like? Take a virtual tour of the Framing and Plumbing Lab you'll use as a student in this program.

Admission Requirements

Program Eligibility

Ontario Secondary School Diploma or equivalent, with these required courses:

- One English, Grade 12 (ENG4C or ENG4U)
- One Math, Grade 11 or 12

Or

Mature student status.

Applicant Selection

Eligible applicants are selected on the basis of their academic achievement (the average of their six highest senior-level credits, including required courses).

Applicants who do not meet the admission requirements for this program will be assessed and advised individually and may be considered for other, related programs.

English Language Proficiency

All applicants whose first language is not English must meet Sheridan's English proficiency requirements.

Refer to the website for full admission requirements.

Career Opportunities
