## INDEPENDENT AUDITORS' REPORT

To the Board of Governors of The Sheridan College Institute of Technology and Advanced Learning

### ***Opinion***

We have audited the financial statements of The Sheridan College Institute of Technology and Advanced Learning (the "College"), which comprise:

- the statement of financial position as at March 31, 2020
- the statement of revenue and expenditures for the year then ended
- the statement of changes in net assets for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements")

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the College as at March 31, 2020, and its results of operations, its changes in net assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### ***Basis for Opinion***

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our auditors' report.

We are independent of the College in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## ***Responsibilities of Management and Those Charged with Governance for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the College's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the College or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the College's financial reporting process.

## ***Auditors' Responsibility for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the College's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the College to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represents the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Notes to the Financial Statements

Year ended March 31, 2020, with comparative figures for 2019

---

### 1. Description of Organization:

The Sheridan College Institute of Technology and Advanced Learning (“Sheridan”), established in 1967, is an Ontario college of applied arts and technology duly established pursuant to Ontario Regulation 34/03 made under the Ontario Colleges of Applied Arts and Technology Act, 2002. By Ontario Regulation 33/03, which was filed and came into effect on February 11, 2003, the name of Sheridan was changed to The Sheridan College Institute of Technology and Advanced Learning. Sheridan is an agency of the Crown and provides postsecondary and vocationally oriented education and training in areas such as animation, arts and design, applied computing and engineering sciences, business, and community and liberal studies.

Sheridan operates on a not-for-profit basis and is a registered charity and, as such, is exempt from income taxes under the Income Tax Act.

### 2. Significant accounting policies:

#### (a) Basis of presentation:

These financial statements include the accounts, transactions and operations for which Sheridan has jurisdiction. They do not include the accounts, transactions and operations of Sheridan Student Union Incorporated (“SSUI”), The Sheridan College Foundation, and The U.S. Sheridan College Foundation Inc. which are independently governed.

These financial statements are the representation of management and have been prepared in accordance with Canadian public sector accounting standards including the 4200 standards for government not-for-profit organizations.

#### (b) Revenue recognition:

Sheridan follows the deferral method of accounting for contributions, which include donations and government grants.

Under the Ministry of Colleges and Universities (“Ministry”), Sheridan is funded by the Province of Ontario in accordance with budget arrangements established by the Ministry. Operating grants are recorded as revenue in the period to which they relate. Grants approved but not received at the end of an accounting period are accrued. Where a portion of a grant relates to a future period, it is deferred and recognized in the subsequent period. These financial statements reflect agreed arrangements approved by the Ministry with respect to the year ended March 31, 2020.

Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

#### **2. Significant accounting policies (continued):**

##### **(b) Revenue recognition (continued):**

Externally restricted contributions other than endowment contributions are recognized as revenue in the year in which the related expenses are recognized. Contributions restricted for the purchase of capital assets are deferred and amortized into revenue on a straight-line basis, at a rate corresponding with the amortization rate for the related capital assets.

Endowment contributions are recognized as direct increases in endowment net assets.

Restricted investment income is recognized as revenue in the year in which the related expenses are recognized. Unrestricted investment income is recognized as revenue when earned.

Deferred revenue consists of student fees paid in advance and other revenue to be recognized when the related service is provided. Tuition fees are recognized as revenue when earned through the provision of service. Tuition fees are deferred to the extent that the related courses provided extend beyond the fiscal year of Sheridan.

Ancillary revenue including residence, parking and other sundry revenues are recognized when products are delivered or services are provided to the student or client, the sales price is fixed and determinable, and collection is reasonably assured.

##### **(c) Cash and investments:**

Cash and investments consist of cash on hand, bank balances and investments in money market, mutual funds and exchange traded funds. Short-term investments are highly liquid and have a maturity of one year or less. Investments are recorded at fair value on a trade date basis. Fair value is determined based on quoted market prices.

##### **(d) Long-term notes receivable:**

Long-term notes receivable are carried at amortized cost using the effective interest method.

##### **(e) Capital assets:**

Purchased capital assets are stated at cost less accumulated amortization. Contributed capital assets are recorded at fair value at the date of contribution. Repairs and maintenance costs are charged to expense. Betterments which extend the estimated life of an asset are capitalized. When a capital asset no longer contributes to Sheridan's ability to provide services, its carrying amount is written down to its residual value.

Notes to the Financial Statements

Year ended March 31, 2020, with comparative figures for 2019

---

**2. Significant accounting policies (continued):**

(e) Capital assets (continued):

Capital assets are amortized on a straight-line basis using the following annual rates:

Buildings	2-1/2%
Parking lots, site and roadway	6-2/3%
Building renovations	Over the useful life
Furniture and fixtures	20%
Computer equipment	33-1/3%
Major equipment	10%
Equipment and vehicles	20%
Software implementation	14%

(f) Construction in progress:

Construction in progress includes interest and financing costs on funds borrowed for construction purposes. These costs are capitalized at the end of the construction period. Upon commencing use of the facility, capitalized construction costs are transferred to the various categories of capital assets and are amortized on a basis consistent with similar assets.

(g) Vacation pay:

Sheridan recognizes vacation pay as an expense as it is earned by employees.

(h) Sick leave benefit entitlements:

Vesting sick leave:

Sheridan has provided for vested sick leave benefits during the year. Eligible employees, after 10 years of service, are entitled to receive 50% of their accumulated sick leave credit on termination or retirement to a maximum 6 months salary. The program to accumulate sick leave credits ceased for employees hired after March 31, 1991. The related benefit liability was determined by independent actuaries on behalf of the College System as a whole.

Non-vesting sick leave:

Sheridan allocates to certain employee groups a specified number of days each year for use as paid absences in the event of illness or injury. These days do not vest and are available immediately. Employees are permitted to accumulate their unused allocation each year, up to the allowable maximum provided in their employment agreements. Accumulated days may be used in future years to the extent that the employees' illness or injury exceeds the current year's allocation of days. Sick days are paid out at the salary in effect at the time of usage. The related benefit liability was determined by independent actuaries on behalf of the College System as a whole.

#### 2. Significant accounting policies (continued):

##### (i) Employee future benefits:

Sheridan maintains separate defined benefit plans providing non-pension, retirement and post-employment benefits for substantially all full-time employees. Sheridan uses the deferral and amortization approach to account for its defined benefit plans. The costs of post retirement and post-employment benefits related to current service are charged to income annually. The current service cost and the accrued benefit obligation are actuarially determined for each plan using the projected benefit method prorated on service, and management's estimates of investment yields, salary escalation, health care trends and other factors. The most recent actuarial valuation of the benefit plans for funding purposes was as of February 5, 2020, and the next required valuation will be as of January 31, 2023.

Past service costs arising from plan amendments are recognized immediately in the period the plan amendments occur.

Actuarial gains (losses) on plan assets arise from the difference between the actual return on plan assets for a period and the expected return on plan assets for that period. Actuarial gains (losses) on the accrued benefit obligation arise from differences between actual and expected experience and from changes in the actuarial assumptions used to determine the accrued benefit obligation. The net accumulated actuarial gains (losses) are amortized over the average remaining service period of active employees. The average remaining service period of the active employees covered by the post-retirement benefits plan is 11.3 years (2019 - 11.4 years).

##### (j) Internally restricted net assets:

Net assets, internally restricted by Sheridan, are for capital projects, strategic initiatives and future operating expenses approved by the Board of Governors.

##### (k) Expendable funds, including bursaries/scholarships and student building fund:

These funds are contributed or pledged for specific purposes; the total funds received, including income earned, are expendable for the specific purpose outlined when the funds were donated.

##### (l) Endowment funds:

These funds are contributed for specific purposes; the principal sum must be held for investment while the income earned is expendable for the specific purpose(s) outlined when the funds were donated.

##### (m) Financial instruments:

Financial instruments are recorded at fair value on initial recognition. Financial instruments are subsequently recorded at fair value or amortized cost. Mutual funds and money market funds that would otherwise be recorded at amortized cost are recorded at fair value as they are managed and evaluated on a fair value basis. Other investments are recorded at amortized cost.

### Notes to the Financial Statements

Year ended March 31, 2020, with comparative figures for 2019

---

#### 2. Significant accounting policies (continued):

##### (m) Financial instruments (continued):

Transaction costs incurred on the acquisition of financial instruments measured subsequently at fair value are expensed as incurred. All other financial instruments are adjusted by transaction costs incurred on acquisition and financing costs, which are amortized using the straight-line method.

All financial assets are assessed for impairment on an annual basis. When a decline in derivatives and non-endowment investments is determined to be other than temporary, the amount of the loss is reported in the statement of revenue and expenditures and any unrealized gain or loss is adjusted through the statement of remeasurement gains and losses.

When the asset is sold, the unrealized gains and losses previously recognized in the statement of remeasurement gains and losses are reversed and recognized in the statement of revenue and expenditures.

The Standards require an organization to classify fair value measurements using a fair value hierarchy, which includes three levels of information that may be used to measure fair value:

- Level 1 – Unadjusted quoted market prices in active markets for identical assets or liabilities;
- Level 2 – Observable or corroborated inputs, other than level 1, such as quoted prices for similar assets or liabilities in inactive markets or market data for substantially the full term of the assets or liabilities; and
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities.

##### (n) Use of estimates:

The preparation of financial statements in conformity with public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenditures during the period. In estimating the net realizable value of accounts receivable and in estimating accrued liabilities and obligations related to employee future benefits and sick leave benefits, Sheridan relies on assumptions regarding applicable industry performance and prospects, as well as general business and economic conditions that prevail and are expected to prevail. Actual results could differ from those estimates.

### 3. Cash and investments (continued):

At March 31, 2019, investments included Guaranteed Investment Certificates with a principal value of \$19,582,413 paying interest at a rate of 2.82% maturing April 2019, and \$40,000,000 paying interest at 3.20% maturing February 2020.

Included in unrestricted investments at cost are three investments in “Come from Away” productions. The College has invested \$234,813 (2019 - \$234,813) in the North American production, \$250,413 (2019 - \$250,413) in the United Kingdom production and \$203,125 (2019 - \$nil) in the Australian production. As of March 2020, the College received life to date distributions of \$339,082 from the North American production, \$191,100 from the United Kingdom production and \$35,176 from the Australian production.

The maximum exposure to credit risk of cash and investments is the carrying value noted above.

#### (b) Restricted for endowment purposes:

Funds restricted for endowment purposes consist of exchange traded funds, cash on hand, bank balances and short-term highly liquid investments.

### 8. Long-term debt (continued):

On May 8, 2020, Sheridan finalized an amended loan agreement with the Ontario Financing Authority for the Hazel McCallion Campus Phase 2A project. This agreement provides up to \$37 million in debt financing that will be repaid semi-annually over 25 years after substantial completion of the project. The interest rate will be calculated as the Province of Ontario's cost of funds for a 25-year amortizing bond plus 0.275 percent. The agreement also provides bridge financing during the construction period at an interest rate equal to the 90 day Ontario Treasury Bill Rate plus 0.275 percent.

### 9. Deferred contributions:

#### (a) Capital assets:

Deferred capital contributions related to capital assets represent the unamortized amount of grants and donations received for the purchase of capital assets. The amortization of capital contributions is recorded as revenue in the statement of revenue and expenditures.

	2020	2019
Balance, beginning of year	\$ 159,084,714	\$ 162,313,396

(b) Letters of credit:

Sheridan has posted letters of credit totaling \$1,086,245 (2019 - \$1,086,245) as security deposits with municipal governments in Halton and Peel regions relating to new building constructions at the Davis, Trafalgar and Hazel McCallion campuses.

**12. Employee future benefits and sick leave entitlements:**

Sheridan maintains defined benefit plans providing other retirement and future employee benefits to most of its employees.

The cost of other post-employment benefits (including medical benefits, dental care, and life insurance premiums waived during long-term disability (“LTD”) related to the employees’ current service is charged to income annually. The cost is computed on an actuarial basis using the projected benefit method estimating the usage frequency and cost of services covered and management’s best estimates of investment yields, salary escalation, and other factors. Plan assets are valued at fair value for purposes of calculating the expected return on plan assets.

The fair value of plan assets and accrued benefit obligations were determined by independent actuaries on behalf of the College System as a whole as at February 5, 2020 for employee post-employment benefits, February 11, 2020 for non-vesting sick leave and August 31, 2019 for vesting sick leave. Details are outlined on the following page.

### 13. Pension plans:

Qualifying employees of Sheridan are members of the Colleges of Applied Arts and Technology Pension Plan (the “Plan”), which is a multi-employer jointly-sponsored defined benefit plan for eligible employees of public colleges and related employers in Ontario. Sheridan makes contributions to the Plan equal to those of the employees. Contribution rates are set by the Plan’s governors to ensure the long-term viability of the Plan.

Any pension surplus or deficit is a joint responsibility of the members and employers and may affect future contribution rates. Sheridan does not recognize any share of the Plan’s pension surplus or deficit as insufficient information is available to identify Sheridan’s share of the underlying pension assets and liabilities. The most recent actuarial valuation filed with pension regulators as at January 1, 2020 indicated an actuarial surplus of \$2.9 billion. For the year ending March 31, 2020, Sheridan made contributions to the Plan and its associated retirement compensation arrangement of \$18,629,080 (2019 - \$17,948,606) which has been recorded in salaries and benefits in the statement of revenue and expenditures.

### 14. Ontario Student Opportunity Trust Fund and other endowments:

Endowments represent restricted donations received by Sheridan where the principal is required to be maintained. The investment income generated from the endowments must be used in accordance with the various purposes specified by the donors. Sheridan ensures that all funds received with a restricted purpose are expended for the purpose for which they were provided.

Investment income on endowments that was disbursed during the year has been recorded in the statement of revenue and expenditures once the donors’ conditions have been met. The unspent portion of investment income is recorded in deferred contributions for expenses of future periods. Total investment income on endowed assets recognized during the year is \$2,221,439 (2019 - \$2,168,419). Total investment income recognized as revenue by reducing deferred contributions of endowment expenses of future periods is \$3,513,314. For the year ending March 31, 2019, total investment income deferred during the year in excess of disbursement is \$1,860,321.

The Ministry requires Sheridan to include in its financial statements the following disclosures for its Ontario Student Opportunity Trust Funds (“OSOTF I” and “OSOTF II”), and Ontario Trust for Student Support (“OTSS”):

Total	\$ 95,606,752	\$ 93,833,570

### 18. Financial risks and concentration of credit risk:

#### (a) Credit risk:

Credit risk refers to the risk that a counterparty may default on its contractual obligations resulting in a financial loss. Sheridan is exposed to credit risk with respect to the accounts receivable, grants receivable, student levy receivable, other notes receivable, cash and investments.

Sheridan assesses, on a continuous basis, all receivable balances and provides for any amounts that are not collectible in the allowance for doubtful accounts. Accounts receivable and student levy receivable are due from students. Credit risk is mitigated by financial approval processes before a student is enrolled. Sheridan measures its exposure to credit risk based on how long the amounts have been outstanding. The maximum exposure to credit risk of Sheridan at March 31, 2020 is the carrying value of these assets.

The carrying amount of all receivable balances is valued with consideration for an allowance for doubtful accounts. The amount of any related impairment loss is recognized in the statement of revenue and expenditures. Subsequent recoveries of impairment losses related to accounts receivable are credited to the statement of revenue and expenditures. The balance of the allowance for doubtful accounts at March 31, 2020 is \$1,534,842 (2019 - \$723,553).

As at March 31, 2020, \$2,528,635 (2019 - \$2,040,156) of accounts receivable were past due, but not impaired.

Sheridan holds its cash accounts with federally regulated chartered banks who are insured by the Canadian Deposit Insurance Corporation and provincially regulated credit unions who are insured by the Deposit Insurance Corporation of Ontario. In the event of default, Sheridan's cash accounts are insured up to \$100,000 (2019 - \$100,000) for federally regulated chartered banks and up to \$250,000 (2019 - \$250,000) for provincially regulated credit unions.

The maximum exposure to investment credit risk is outlined in Note 3.

There have been no significant changes to the credit risk exposure from 2019.

#### 18. Financial risks and concentration of credit risk (continued):

##### (b) Liquidity risk:

Liquidity risk is the risk that Sheridan will be unable to fulfill its obligations on a timely basis or at a reasonable cost. Sheridan manages its liquidity risk by monitoring its operating requirements. Sheridan prepares budget and cash forecasts to ensure it has sufficient funds to fulfill its obligations.

Accounts payable and accrued liabilities are generally due within 60 days of receipt of an invoice. The contractual maturities of long-term debt are disclosed in Note 8.

There have been no significant changes to the liquidity risk exposure from 2019.

##### (c) Market risk:

Market risk is the risk that changes in market prices, such as foreign exchange rates or interest rates will affect Sheridan's income or the value of its holdings of financial instruments. The objective of market risk management is to control market risk exposures within acceptable parameters while optimizing return on investment.

###### (i) Foreign exchange risk:

Sheridan is exposed to financial risks as a result of exchange rate fluctuations and the volatility of these rates. In the normal course of business, Sheridan makes purchases denominated in U.S. dollars. Sheridan does not currently enter into forward contracts to mitigate this risk. Sheridan does not have any material transactions during the year or financial instruments denominated in foreign currencies at year end.

There have been no significant changes to the foreign exchange risk exposure from 2019.

###### (ii) Interest rate risk:

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in the market interest rates.

Financial assets and financial liabilities with variable interest rates expose Sheridan to cash flow interest rate risk. Sheridan is exposed to this risk through its interest-bearing investments and long-term debt.

Sheridan's long-term debt is fixed rate debt as disclosed in Note 8. Therefore, fluctuations in market interest rates would not impact future cash flows and operations relating to the term debt.

As at March 31, 2020, had prevailing interest rates increased or decreased by 1%, assuming a parallel shift in the yield curve, with all other variables held constant, the estimated impact on the market value of investments would approximate \$2,206,202.

Sheridan's investments are disclosed in Note 3.

There has been no change to the interest rate risk exposure from 2019.

#### **19. Comparative figures:**

Certain comparative figures have been reclassified to conform with the current year's presentation. This includes certain investment and construction in progress assets. The reclassifications had no impact on excess of revenue over expenditures.

#### **20. Subsequent events:**

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus, the “COVID-19 outbreak”. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. As a result of this, on March 23, 2020, the government of Ontario ordered the closure of all non-essential businesses effective March 24, 2020, through to at least May 29, 2020. In addition, the Canadian government has imposed travel restrictions to Canada until further notice.

On March 16, the College closed its campuses and learning sites and they remain closed to the date of the auditor’s report. The plan for continuing education throughout the summer and fall semesters offered by the College will be through online curriculum which could have implications on number of course offerings, enrollment and ancillary revenues.

A significant portion of the College’s tuition revenues is derived from international students. If the Canadian border remains closed, this will impact the College’s ability to earn revenue from International students who choose to defer their studies until in class sessions resume and travel restrictions are lifted.

As the impacts of COVID-19 continue, there could be further impact on the College, its students and funding sources. Management is actively monitoring the effect on its financial condition, liquidity, operations, suppliers, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the College is not able to fully estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity at this time. As such, unrestricted operating net assets have been maintained at \$35,000,000 at March 31, 2020 (2019 - \$5,128,878).
