Academic strike at Ontario Colleges is confirmed

Dear Sheridan Community,

Please be advised that a labour disruption has now been confirmed. Beginning on Monday, October 16, faculty at Ontario's 24 colleges, including Sheridan, will be on strike.

As a result, all classes are cancelled for our full and part-time students for the duration of the strike. Continuing Education classes will continue as scheduled. All Sheridan campuses will remain open, and many services will continue to operate.

For a complete list of [what's open and closed on campus](#), as well as a set of [Frequently Asked Questions](#), please visit our strike information webpage at strikeinfo.sheridancollege.ca. On this page you will also find guidelines for crossing the picket lines safely and respectfully, which we urge you to review before coming to campus.

We appreciate your patience during this difficult situation and will continue to update you as further developments occur.
