

SSHRC Explore Grants

Through our SSHRC Institutional Grant, Sheridan receives annual block funding to support research activities with modest budget requirements by faculty and students in the social sciences and humanities. Sheridan uses these funds to offer SSHRC Explore Grants.

The application and adjudication process for SSHRC Explore Grants will run in parallel to the SRCA Growth Grant process. SSHRC Explore Grants will have the same proposal format and guidelines, and will be reviewed by the same committee.

Applicants will indicate via a check box on the SRCA Growth Grant application form that they believe the subject matter of their project is consistent with SSHRC's [mandate](#). These applications will then be considered in BOTH competitions and may receive a grant from either funding pool, depending on the availability of funds. Applicants do NOT have to submit separate proposals.

Please consult the SRCA Growth Grant guidelines and application form for full information on how to apply.
