<b>Total Expenses (B)</b>	

Other Expenses: [Explanation of "Other Expenses"](#) included above.

**Total Resources (A) – Total Expenses (B) =**

## Additional Tips

It is important that you take your time completing the budget, and that you fill it out to the best of your ability. If you have questions, please reach out to [workstudy@sheridancollege.ca](mailto:workstudy@sheridancollege.ca) for assistance.

If a section of the form does not apply to you, it can be left blank.

If an amount varies month to month, use an expected average.

**Spouse/Partner Contributions:** If you have a spouse or partner who is contributing to your projected expenses, only include the amount of the expense you are paying for personally.
