Subject: Davis Health Centre Re-Opening July 15

Dear Sheridan Community:

In accordance with public health directives, the Health Centre at Sheridan's Davis Campus will re-open tomorrow, **July 15**. The Trafalgar and Hazel McCallion Campus Health Centres remain closed.

All appointments at the Davis Health Centre will begin with a virtual consultation with a nurse, nurse practitioner or doctor, who will determine whether an in-person appointment is needed. To contact the Health Centre and set up a virtual consultation, please call **905- 459-7533, ext. 5153**.

Hours of Operation

The hours of operation for the Davis Campus Health Centre are Monday-Thursday, 8:00am – 8:00pm; and Friday from 8:00am – 5:00pm.

Procedure for In-Person Appointments

If it is determined that an in-person appointment is needed, students will be pre-screened for symptoms of COVID-19 and instructed to come to campus. If attending an in-person consultation, students will be instructed to park at one of the designated spots in Lot 2 at the Davis Campus (please see attached map). Students will be asked to **enter through the Davis C-wing entrance, only**.

Students attending an in-person consultation for an immunization will be treated by a nurse at the entrance area, otherwise they will be directed to the Health Centre.

All students visiting the Health Centre for an in-person appointment must wear a mask or face covering, and wash/sanitize their hands upon entering the building.

If students feel ill on the day of their appointment, including experiencing COVID-19 symptoms according to Ontario's [self-assessment tool](#), they are asked to call the Health Centre at **905- 459-7533, ext. 5153** in advance of coming to campus for further direction.

Thank you for your help and cooperation. An update regarding the Trafalgar and Hazel McCallion Campus Health Centres will be provided at the end of August.

Sincerely,

Tammy Datars
Manager, Sheridan Health Centres
