Subject: Galvanizing Education Hub (GEH) Task Force Update
Date: July 29, 2020 2:23:14 PM

Dear colleagues,

The GEH Task Force has been hard at work over the past months to address the challenges stemming from the pandemic, and leveraging our strengths in creativity, innovation and entrepreneurship to catapult Sheridan forward.

We're pleased to announce that the GEH Task Force has established a [presence on SheridanCentral](#) where you can read more about our activities and engage with us to have your say on how best we can reimagine our services, outreach, programs, and learning and teaching environments to attract and support students to learn well and thrive.

The GEH Task Force is following a [human-centred design methodology](#) – a creative approach to problem solving that starts with people and ends with innovative solutions that are tailor-made to suit their needs.

Your input is highly valued; there are 4 different ways to engage with us through SheridanCentral:

- Weekly Quick Polls
- 1:1 Chats with a Member of the Taskforce
- Lightning Questions
- Group Innovation sessions

If you aren't available to engage with us this summer, we'll be launching more opportunities in the fall, and we hope you'll join us then!

Best wishes,

Amanda Pike, Chief Change Officer

John Helliker, Dean, Innovation

Renee Deveraux, Director of Entrepreneurship and Changemaking

Catherine Hale, Director, Creative Campus

Cherie Werhun, Strategic Lead, S-Factor Framework

Janet Shuh, Associate Dean, Educational Development & Technology

Jock Phippen, AVP, Enrolment Innovation
