---

Dear students,

As we progress through the Summer semester, we hope you're taking the time to enjoy the beautiful summer weather, get outdoors, and take care of your wellbeing.

Our faculty and staff continue to prepare for the start of the Fall 2020 term. Extensive work is underway to develop innovative learning experiences, and prepare our campus for the safe, gradual return of limited numbers of students and employees to campus this Fall. You can expect more updates on our return to campus protocols in the coming weeks.

In today's update, we'd like to tell you about another important initiative that's also taking place this summer, which will play a significant role in Sheridan's evolving response to the pandemic.

In the late Spring, we established the **Galvanizing Education Hub (GEH)** Taskforce— a group of innovation leaders from across Sheridan, tasked with addressing the challenges stemming from the pandemic, and developing solutions that harness our strengths in creativity, innovation and entrepreneurship.

The GEH Task Force has been hard at work over the past months to begin developing these ideas, many of which will launch in the Fall as part of our endeavour to deliver an outstanding, uncompromised learning experience. So far, these include tools to help support online delivery and nurture virtual communities, developing flexible new credentials that respond to immediate market need, and more.

**Your involvement and input are key to helping these initiatives succeed – and we want to hear from you!**

We hope you'll take a moment to learn more about the work of the GEH Taskforce on [Sheridan Central](#), and have your say on how best Sheridan can reimagine our services, outreach, programs, and learning and teaching environments to help our students learn well and thrive.

There are 4 different ways to engage with the GEH Hub through SheridanCentral:

- Weekly Quick Polls
- 1:1 Chats with a Member of the Taskforce
- Lightning Questions
- Group Innovation sessions

We'll be launching more opportunities to get involved with the GEH Taskforce this Fall, along with other opportunities to share your ideas on Sheridan's pandemic response. Stay tuned!

Sincerely,

The Galvanizing Education Hub Taskforce
