

Social Sciences and Humanities Research Council (SSHRC)

Partnership Development Grants

Subject Area:

Social sciences and humanities.

Applicants are advised to review [Imagining Canada's Future](#)'s 16 future global challenges and to consider addressing one or more of these areas in their research proposal.

Intended to:

- Provide support over one to three years to teams/partnerships, led by a project director, to:
 - develop research and/or related activities in the social sciences and humanities, including knowledge mobilization and the meaningful involvement of students and emerging scholars, by fostering new partnerships with existing and/or potential partners; or
 - design and test new partnership approaches for research and/or related activities that may result in best practices or models that either can be adapted by others or have the potential to be scaled up to a regional, national or international level.

Conditions:

- Applications may be submitted by an individual researcher or a team of researchers. Co-applicants can be affiliated with an eligible Canadian postsecondary institution, not-for-profit organization, philanthropic foundation, think tank, or municipal, territorial or provincial government OR an international postsecondary institution.
- Teams must be working in formal partnership between postsecondary institutions and/or partner organizations (Canadian or international institutions or public, private or not-for-profit organizations).
- Partnerships can be existing or new, including disciplinary and interdisciplinary research partnerships, cross-sector knowledge co-creation, research networks or partnered knowledge mobilization.
- Proposals must include training, mentoring and employability plans for students and emerging scholars.
- Applicants and co-applicants from eligible not-for-profit organizations may request a salary research allowance.
- SSHRC and its partner organizations offer initiatives that complement this funding opportunity:
 - The [Belmont Forum](#) co-ordinates funding across a number of international research agencies to secure support for projects related to global environmental change.
 - [Societal Implications of Genomics Research](#), a joint initiative of SSHRC and Genome Canada, promotes research aimed at expanding understanding of the potential for new and emerging genomic innovations to profoundly affect society.
 - Applicants working with Canadian businesses and/or eligible not-for-profit organizations may be eligible for student internship co-funding, through the [Mitacs Accelerate](#) program

Value: \$75,000 to \$200,000 for one to three years

Partner's Contribution: Cash and/or in-kind contributions are expected

Sheridan's Contribution: Not required

Application Deadline: Call for proposal is currently closed (previous cycle deadline: November 15, 2019)

Social Sciences and Humanities Research Council (SSHRC)

Notification of Award Decision: 4 months

How to Apply:

Applications will be made by the Sheridan Research Office on behalf of the Principal Investigator(s). To begin the application process, please visit this [link](#), or email research@sheridancollege.ca to discuss your research idea.
